University of Michigan Neuroscience Graduate Program

COMING JOINT US THIS SUMMER!

Events:
Research projects
Summer Journal Club
Social events
Poster Presentation
Professional Development

The Neuroscience Graduate Program hosts summer research opportunities, including internally funded positions. There are more details at: http://neuroscience.med.umich.edu/neuroscience-undergraduate-research-opportunity-nuro

In partnership with NIH BP-ENDURE (Blueprint for Enhancing Neuroscience Diversity through Under-graduate Research Education Experiences) grants we provide a 10-week summer program.

Consider our summer program as an option for students involved in various programs (RISE, MARC, BUILD PODER)

Other opportunities that exist at UM can be found here: https://medicine.umich.edu/medschool/education/non-degree-programs/undergrad-summer-research
